

Course Evaluation //

Political Terrorism and Insurgency

SP 15

Evaluations are completed online on a voluntary basis when students check their grades at the end of each academic term. The completion rate for the evaluation was 50 percent. This completion rate indicates that the results are marginally reliable. Students respond to a series of seventeen questions assessing their professor and the quality of instruction provided. Overall my scores exceeded UNG averages while administering a rigorous graduate course. The average percentage score was an 85.
